

RULES

Number of players (victims) – 2-6

TO START

Steal two dice from another game. But forget to return them at your own risk!!

Each player gets 2 DEBT notes to begin with.

Each player chooses a game piece and places it on GO BROKE.

The player with the highest dice throw goes first and then it goes clock-wise from them.

You get ONE DEBT every time you pass GO BROKE, two DEBTS if you land on GO BROKE.

Whenever you land on CHOICE or COMMUNITY CHEAT you must pick up a card, read it out

and do what it says.

If you find yourself in JAIL, you need a double to get out. Three goes and you can get out..

Three doubles in one go puts you in JAIL.

If a player reaches 10 DEBTS then they are down and OUT, or 15 if you want a longer game.

The winner (if you can call them that) is the last to be OUT, or the person with the least DEBT at the end.

TIP: Play this game in public places and invite strangers to join you.

REMEMBER: Loading DEBT onto a player's pile when their eyes are shut is NOT CLEVER OR FUNNY!

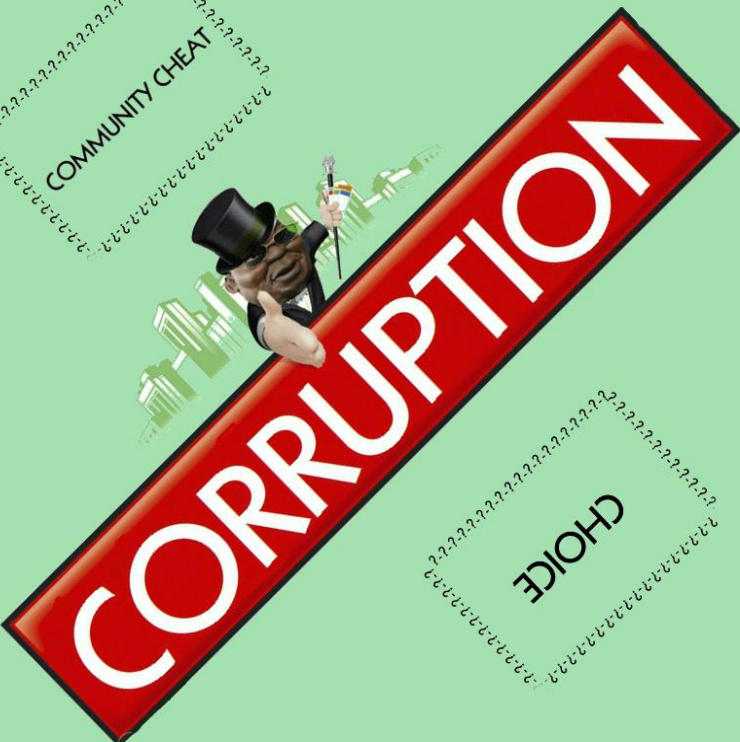

For more information about CORRUPTION in South Africa go to corruptionwatch.org.za

GAME PIECES Here's some.. Stick them onto card and cut them out.

But you can always make your own.

THE BOARD Print this sheet onto A3, and stick it onto card..
