Funding Provided by the United States Government

# Job Placement Service

---

The Employment Access Programme aims to connect employers to migrants and refugees looking for work. We are not a recruitment agency: this is a FREE service for both employers and prospective employees. In order to ensure sustainability of the candidate, to the employment on offer we conduct an extensive screening process through personal interviews and reference checking.

Our candidates are experienced in fields such as hospitality, domestic or home maintenance, home-based care, childcare and construction.
